

# I Won't Die

Endo

These uncontrollable thoughts  
They stem from you  
These undeniable shocks  
They stem from you

This undeniable sleeplessness  
It stems from you  
This undeniable weakness  
It stems from you

We're just falling off the deep end

Dying  
Screaming  
In this hole that you fill  
Die, die, die, I won't die for

Screaming  
Slowly  
Die, die, die, I won't die for you

These wandering eyes  
Watch after you  
These paranoid lies  
Run after you

This undeniable sleeplessness  
It stems from you  
This undeniable weakness  
It stems from you

We're just falling off the deep end

Dying  
Screaming  
In this hole that you fill  
Die, die, die, I won't die for

Screaming  
Slowly  
Die, die, die, I won't die for you

Every day  
Every fucking minute  
I think  
I've lost my self in you  
Betrayed myself for you

You mark me the deepest  
You scar me the deepest  
You hurt me the deepest  
You mark me the deepest

We're just falling off the deep end

Dying  
Screaming

In this hole that you fill  
Die, die, die, I won't die for

Screaming  
Slowly  
Die, die, die, I won't die for you
