

Intermolecular structures

The cloning of lovers

Secrets and the lies that stem within

The falling of Hitler

The infamous killer

Take my soul and rape and #### me

Take it away

Don't wait tomorrow

Open your eyes and let me in

Stop all this hatred that stands before me

Take what you want me to take inside you

Break what you want me to break before me

Take what you want

Leave me empty

Take it away

Don't wait tomorrow

Open your eyes and let me in

So you feel empty

So you feel...

Here and now

To let me in

Here and now

Someone help me

Take it away

Don't wait tomorrow

Open your eyes and let me in

Let me in
