The Program

Endo

You better get with the program in your f**kin' head,
 Cuz the life you see is left for dead.
 With the program in your f**kin' head,
 Yeah the life you see is left for dead.

[chorus]
 You're indecisive, gone too far.
 Stuck in denial which leaves you scarred.

 Some say life is dead, shot back in my head.
 Some say your life is dead, shot back in my...

[chorus]
 Scarred, scarred, scarred motherf**ker.

 Once again with the program, in your f**kin' head
 Cuz the life you see is left for dead.
 With the program in your f**kin' head,
 Yeah the life you see is left for dead.

 Once again, the front is ability...
 I can't realize what's inside of me yeah,
 I feel the break, uh-huh it's comin' through the drop zone,
 My life in the far zone, yeah
 I can't wait, no, inside I feel the heat
 The kid's on, I keep my seeds in me.
 I can't wait to be the one,
 It's cramping my vibe, grabbin' the wrench.
 Once again, the front is ability...
 I can't realize what's inside of me yeah,
 I feel the break, uh-huh it's comin' through the drop zone,
 My life in the far zone, yeah
 I can't wait, no, inside I feel the heat
 The kid's on, I keep my seeds in me.
 I can't wait to be the one,
 It's cramping my vibe, grabbin' the WRENCH!!!!!!!!!

 You better get with the program in your f**kin' head,
 Cuz the life you see is left for dead.
 With the program in your f**kin' head,
 Yeah the life you see is left for dead.
