Enemy You

[Cover of "Kidd Video" cartoon theme song]

It get's me going, keeps me moving on
Hooked on my system, I'm playing on and on
The say I'm crazy, I'm always on my own
Hi-fi's around me, high-tech just turns me on
From my video to my radio

It gets me rockin', keeps me moving on
It's always there for me when I'm about to blow
The only thing I need, the only way to go
From my video to my radio
