

## Undying Evil

Enforcer

Arising from the shadows haze  
Unholy gazer of relentless nights  
Iron chains from time and space  
Ties you down with all it's might

Creature of night  
Morbid lust for blood enchants you  
Creature of night  
Devil's chains enfold and break you  
Creature of night  
Deep in ice all known betrays you  
Creature of night  
Claws of death undying evil

Thriving in the cold of cosmic black  
Transylvanian nocturnal prime  
Taste of blood brings your lust back  
Afterlife beyond this time
