

Hollow soul

Engel

Fighting on, we've tried it all
Down below, down below
Found a way, inside my mind I stay
Alone I roam

No way out, won't reach the stars
Or make it home, make it home
Dying soul, a lost control
Another pain belongs

Life unknown
Time has gone
Hollow soul
Story told

Torn apart, I've found it hard
To go on, to go on
Need a break, it's not too late
Stay among us all

Life unknown
Time has gone
Hollow soul
Story told
