

A Night To Remember

Engelbert Humperdinck

This is a night to remember
A sweet celebration of love
It's a holiday of dreams
In warm reds and greens
And a star that keeps shining above
Christmas Eve

Children, Santa, mistletoe and moonlight.
A feeling of joy everywhere
And the song in the night
Being sung clear and bright
Is a moment for lovers to share

This is a night to remember
A sweet celebration of love
It's a holiday of dreams
In warm reds and greens
And a star that keeps shining above
Christmas Eve

Laughter, holly, snowflakes and sleigh bells
Dreamers who travel the skies
As we sail on the glow
Of a fire burning glow
There's a lifetime of love in your eyes

This is a night to remember
A sweet celebration of love
It's a holiday of dreams
In warm reds and greens
And a star that keeps shining above
Christmas Eve

This is a night to remember, Christmas Eve
This is a night to remember, Christmas Eve
