## In the still of the night

## **Engelbert Humperdinck**

In the still of the night As I gaze from my window At the moon in its flight My thoughts all stray to you

In the still of the night While the world is in slumber Oh, the times without number Darling, when I say to you

Do you love me as I love you Or you might lie to be my dream come true Or will this dream of mine fade out of sight Like the moon growing dim on the rim of the hill In the chill still of the night

Do you love me as I love you Or you might lie to be my dream come true Or will this dream of mine fade out of sight Like the moon growing dim on the rim of the hill In the chill still of the night
