

This Moment In Time

Engelbert Humperdinck

More than a ripple, less than a splash
The heir to a long line of glory
Give me the moment and I'll give you a song
It's so good bein' part of the story

This moment in time, this right time of day
Oh, I love bein' with you and watchin' my life at play

My love in your eyes is lightin' my dreams
And the feelings you choose
Have touches of blues and greens

This trip into time, this timeless embrace
I'm like a kid in a store
I'll always want more to taste

And no matter what comes
I know the sun is gonna shine
Because of you and me, there'll be this moment in time

And no matter what comes
I know the sun is gonna shine
Because of you and me, there'll be this moment in time

More than a ripple, less than a splash
The heir to a long line of glory
Give me the moment and I'll give you a song
It's so good bein' part of the story

This moment in time, this right time of day
Oh, I love bein' with you and watchin' my life at play

And no matter what comes
I know the sun is gonna shine
Because of you and me, there'll be this moment in time
