

## Sometimes I Realise

Engineers

Time was slower in there  
Flowing back to the start  
Tell me when take me there  
Tell me how we should part

How has it come to this?  
Met with a wall of silence  
Feelis like I lost my grip  
We let it go too far

Sometimes I realise  
It's not me  
One thing I've yet to find  
Has found me.

Time was slower in there  
Held me back from the start  
Are you going nowhere?  
Now's a good time to part

Wide off the mark we missed  
Though we remained defiant  
And now it's come to this  
Now that we've come so far

Sometimes I realise  
It's not me  
One thing I've yet to find  
Has found me.
