

## Fucked Up People

English Dogs

The hatless tramp is on the ground  
Over there he's lying down  
While the chavs in burberry  
Pile in without pity

The whole world's fucked with fucked up people  
Fucking up fucked up peoples lives  
Now until the end

In the whorehouse nothing's free  
Here's a ten-bag follow me  
A sack of puppies always drowns  
Crank it up, get 'em down

There's a ginger boy at school  
Big boys beat him and are cruel  
Goodbye mother what's the use  
Oak tree, dark night, tight noose
