

Rhythm Divine

Enrique Iglesias

1. From the coast of Ipanema, To the island of Capri
All the way to KualaLumpur, I will follow you wherever you may be
From the moment I first saw you, Knew my heart could not be free
Have to hold you in my arms now, There can never be another for me

R: All I need is the rhythm divine, Lost in the music, your heart will be mine
All I need is to look in your eyes, Viva la musica, say you'll be mine

2. Can you feel the heat of passion?, Can you taste our love's sweet wine?
Join the dance and let it happen, Put tomorrow's cares right out of your mind
As the music draws you closer, And you fall under my spell
I will catch you in my arms now, Where the night will take us no one can tell

R: All I need is the rhythm divine...

*: Gotta have this feeling forever, Gotta live this moment together
Nothing else matters just you and the night
Follow on the wings of desire, Now the rhythm's taking you higher
No one can stop us from havin' it all You are my heart you are my soul

R: All I need is the rhythm divine... (2x)
