

# Retribution Shall Be Mine

Ensiferum

No sun rises today  
No moon shares it's light  
Eclipse of soul  
Growing breach of faith

Pierced by bitter deception  
Chained to the darkness  
Left to rot  
Growing breach of faith  
Left to rot with hate

I can't escape from this living hell  
But in my dreams the justice dwells  
Betrayers are torn apart  
And my hate will fade away with their blood

My hate runs deep  
In the waters of grudge and unforgiveness

Leniency is for the weak  
I'd rather die than show you mercy  
Slaughter is yet to come

Retribution shall be mine!  
Oh Gods of vengeance, fill my heart!

This is mine  
The one and final fight  
I choose not to die  
With these demons by my side
