

# Gandhi Mate, Gandhi

Enter Shikari

Now, I don't know about you, but I don't think the primary purpose of your life, of my life and the entirety of the human race's is just to blindly consume to support a failing economy and a faulty system. forever and ever until we run out of every resource and have to resort to blowing each other up to ensure our own survival. I don't think we're supposed to sit by idle while we continue to use a long outdated system that produces war, poverty, pollution, corruption, ruins our environment and threatens every aspect of our health and does nothing but divide and segregate us. I don't think how much military equipment we are selling to other countries, how many hydrocarbons we're burning, how much money is being printed and exchanged, is a good measure of how healthy our society is but I do think I can speak for everyone when I say, we're sick of this shit.

Time to mobilize  
Time to open eyes  
We are not a quiet pocket of resistance  
This is real, but we cannot afford to fail  
Act with, act with persistence  
This is real, but we cannot afford to fail  
Army, establish order  
Respect me and fear me  
Fuck you  
We have no respect  
And when tomorrow comes  
We're gonna stamp on your head (pig)

Whoa, woah  
Calm down, (calm down mate), calm the fuck down  
Gandhi mate, remember gandhi (jesus, just remember)  
Alright, alright I'm fine

See if we keep them silent then,  
They'll resort to violence and that's how we criminalize change

Awhhhh,  
Yabba dabba do one son, we don't want your rules  
Who you fooling son, we've got all the tools  
We need to build a whole new system  
To correct these flaws  
(you know what), I've already listed them

You're a communist  
You're a fucking utopianist  
Ah here they come, the immersive labels  
But they're attempted fails

Cos man, we so far out your comfort zone

We stop, think, begin to revive  
We stop, think, begin to revive  
We stop, we think, we begin to revive  
We begin to revive
