

## The Jester

Enter Shikari

"Simmer down ladies and gentlemen  
you're acting rather irresponsibly"

Hold your horses, steady now,  
'Cos we're floating precariously and therefor furthermore frivo-  
lously  
On tectonic plates

And everything we stand on  
And everything we stand for  
is rather unstable right now

So I think I'll kill some time and have you done medium rare  
But I think I'll tease my pallet with some crudités, just to pr-  
epare  
You see we've had a joker in the pack now for quite some time  
So I reckon it's just about time to roast this swine

Ahhh  
This is a crock of shit I refuse to be fed!  
So knuckle down and fetch his head  
Can it sunshine, bottle it up you ponce  
Then knock me up a dish with some vol-au-vents  
Ha Ha!

Now I think we should take a leaf from the romans book (Throw i-  
t up, throw it up)  
Now I think we should take a leaf from the romans book (Throw i-  
t up, throw it up)  
Let's throw it up and then start again  
Let's throw it up and then start again  
Shoo!

Nicely does it now  
Steady...  
Hold...  
Hold...  
(target locked)  
Cop a load of this one

Oi

That was great, my compliments to the chef, I'm very sat-is-  
fied  
I'll be sure to dine here again, fine cuisine.  
The stuffed cheeks were very agreeable,  
all in all a splendid spread.
