

# Today Won't Go Down in History

Enter Shikari

You might never meet me,  
For I am King.  
And as we march into the storms eyes,  
I find relief in the rain.  
I can find as I lead my army,  
Into certain death.

Eyes over you. (2x)

Feel Alive. (4x)

And I wanted you to know,  
Today won't go down in stone.  
(Feel Alive)

And I wanted you to know,  
I never meant for this.  
(Close your eyes)

And I wanted you to know,  
I never meant for this.  
(Close your eyes)

Today won't go down in history,  
So shut your eyes
