

# Behemiron

Enthroned

I believe in the seed of Behemoth  
Pater of matter and Ether  
Nothing is true, all is permitted  
Order is nil and Chaos is king  
Liberty above truth  
Pestilence and putrid doctrines

Reign! Behemiron reign!

We are his breath, his dishonoring sword  
We ask, we want the bate of our sins  
Now the world, tomorrow solar extentions

We breed through Eschaton, invoking Pandaemon!

Reign! Behemiron reign! At last!
