

# Blood Song

Entombed

Drinking blood  
A red delightful bloody power  
My fatal bite  
The art of the blackest hour  
I suck your blood  
An immense everlasting lust  
Morning grows  
The sun burns me to dust  
Your beating heart  
Gives the flow  
In my high  
I will let you go  
Red pulsing rivers  
To me from you  
But when I'm there  
You are through  
A vampire  
Blood desire  
Gets me higher  
An unquenchable fire  
Revel in blood  
Under the moon  
Give me your blood  
It is my doom  
It's a power beyond belief  
Beyond pain  
My life's a stream  
Inside your vein  
I suck your blood !
