Flexing muscles
All pumped up
I'm showing off
Testosterone

Male masculine icon Athletic godlike clone

Oiled skin shinning I enjoy what I see Greek god superman Full of testosterone

Male masculine icon Athletic godlike clone

My system is full of steroids I don't care if it fucks with my head Growing harder as I watch myself Jerking off while flexing

My body is perfect and pure strength Blood pumping hard in my veins How easy it could be To smash your head in with a single blow

I'm gods gift to women
The ideal man
I'm building perfection
You envy the way I am
