Put Me Out

Entombed

You break my bones
Crush my head with stones
You dance on my grave
I am your slave

You tear out my eyes
Feed me with the lies
You piss on my brain
Drive me insane
I love you baby when you're dead and you're so red

Cut off my arms. Bite off my legs
Saw off my head. For mercy I beg
You love me baby when I'm dead
I'm so red!
