

## Wolverine Blues

Entombed

What u believe  
is the vanity u conceive  
What u love u don't pen  
to put in a cage is to put to an end

Enamoured of the passion  
life-sucking lust  
u will never gain my trust

I'm a misanthropical breed  
insatiable in my need to feed

Utterly fearless  
for your luscious flesh  
I've got an appetite like a war  
and I always hunger for more

Vicious mammal  
the blood is my call  
pound for pound  
I am the most vicious of all
