

Euthanasia

Entrails

Dying and helpless, punishment

The life is silent as the grave

The attempt is doomed to failure

To be in mortal fear

Obituary notice fatally massacred

To the visions of the fatal truth

Stream in feelings heavenly meanings

On the sentence of death

Victim of hell always grotesque

The holy master confesses

By the mortal dread

The angel saved your breath

Euthanasia calling for you

Autopsy flesh digging pain

Euthanasia calling for you

Darkness has come to judge your death

Dead by help dead by dawn

Entrance to hell

Rotten by cancer

Mystery disaster

Freedom of pain

Be in the death throes

Climb up the Satan's stairs

To preach with the dark side
