

## In Pieces

### Entrails

Slaughtered and ripped out of the tomb  
Vicious acts, horrid deeds  
Digging up corpses, newly entombed  
This is where he feeds

Sadistic maniac, bloodsoaked feast  
He comes here every night  
To stalk the cemetery's new dug graves  
And make sure there's no one in sight

A lust of the wicked, lust for the vile  
Repeating unspeakable acts  
Obscene and atrocious, lacking remorse  
Skulls of the humans now cracked

Beyond the living, beneath the dead  
They will rot in pieces  
Beyond the living, beneath the dead  
They will rot in pieces

This murderous butcher, with sinister intent  
Can't resist his nocturnal urge  
To haunt the graveyard for new to maim  
A brutal and repugnant search

Sadistic maniac, bloodsoaked feast  
He comes here every night  
To stalk the cemetery's new dug graves  
And make sure there's no one in sight

Beyond the living, beneath the dead  
They will rot in pieces  
Beyond the living, beneath the dead  
They will rot in pieces  
Rot in pieces - dead!
