

# Unspeakable Obscenities

## Entrails

Night's closing in, darkness draw near  
My wicked lust becomes an urge  
Relentless beatings, blood I will smear  
I've just begun my search

Vile acts, deviant deeds  
Carnal desires must be fed  
Horrendous killings to satisfy my needs  
Remove the organs, then the head

[Chorus:]

Unspeakable Obscenities  
Twisted lusts of the depraved  
Unspeakable Obscenities  
Merciless and fierce

Here on my killing spree  
Nothing's enough for me  
I want to see you die  
Life fading in your eyes

Decapitation, heading for some more  
Mutilation's what I do  
Every man to me is a filthy whore  
I'll always hack up someone new

[Chorus]

Unspeakable Obscenities

Twisted lusts of the depraved

Unspeakable Obscenities

Merciless and fierce

Unspeakable Obscenities

Furious and remorseless

Unspeakable Obscenities

Vicious and malign
