

Dead by Silence

Entwine

How much can we bare
These systematic fools
Our life depends on
Decisions of someone
I can't take this anymore
I won't fake that I'm your whore
Stand up and please stop whining
We can't go on
Brainwashed and dead by silence
The time has come
It's time to rebel
To stand and not to fall
Create your defence
Make decisions on your own
I can't take this anymore
I won't fake I'm your whore
Stand up and please stop whining
We can't go on
Brainwashed and dead by silence
The time has come
Stand up and please stop whining
