

# Losing the Ground

Entwine

You used my heart  
So, you killed me again  
Because of you  
I'm crawling back to start

Wicked as you are  
I think you could do it again  
Don't you know you hurt me  
With your lies

Don't hurt me with your lies

I thought that you could be  
The one for me  
The shining star in the sky  
And the lunar light

The burden of your lies  
It descends on me  
Now I waste my time  
Without your love

I can't help anymore

These tears they keep on falling down on me  
These tears they keep on falling down on me  
These tears they keep on falling down on me  
These tears they won't be gone with autumn leaves

How can I fly when I fall  
I'm losing my ground because of you

I can't help anymore

These tears they keep on falling down on me  
These tears they keep on falling down on me  
These tears they keep on falling down on me  
These tears they won't be gone with autumn leaves
