

Say Goodbye

Entwine

(It's) just a wicked lie
would you please step aside
hide your face and try to cry
I believe that your time has come
Cry your silent tears on the side of the road
There's so many things that you cannot define
To say goodbye...
It's a tricky world when you steep outside
You can't find the reason to rise and shine
Cannot even see that your time will come
You're reaching out, but you're staying alone
Not even listening the things,
That I've told you twice
I don't know why...
Faith in me is gone
You're chasing dreams of no return
Integrity my love
Don't pray for life that has been burned
That future is cruised
Say goodbye...
