

## Time of Despair

Entwine

Eternal is the pain that you gave me  
Lonely roses wither and die

These tears of mine stain your veil  
I'm forced to hide and fade away  
So soon the time will come  
Take my life and bring me to the ground

In this time of despair  
When all that you love is dead  
It's my desireless game to be alive

It's a heart of stone that beats inside  
I'm forced to climb over the walls  
Stillness falls upon this endless night

In this time of despair  
When all that you love is dead  
It's my desireless game to be alive  
I'm tryin' to get well  
But I'm just cryin' for the end  
It's my desireless way to be alive

Eternal is the pain that you gave me  
Lonely roses wither and die

In this time of despair  
When all that you love is dead  
It's my desireless game to be alive  
I'm tryin' to get well  
And no more cryin' for the end  
A desireless way to be alive
