

# Baby Loves You

Enuff Z'Nuff

You know I,  
I've got a little problem.  
I have to be the one,  
The second guy to none.  
But I've got  
A pretty little girlfriend  
Who tells me all the time  
She'll be forever mine,  
And she says...

That your baby loves you,  
Yes, your baby loves you.  
When your baby loves you,  
Nothing's gonna hurt you.

Some nights  
I lie here with eyes open,  
With so much on my mind,  
My teeth begin to grind.  
And she'll just hold me  
And bring me to my senses,  
And everything's okay,  
When I will hear her say  
When she says...

That your baby loves you,  
Yes, your baby loves you.  
When your baby loves you,  
Nothing's gonna hurt you.

When your baby loves you,  
All your dreams can come true.  
When your baby loves you,  
Nothing's gonna hurt you.  
Baby Loves You!

Love me tonight, love me tonight.  
Come on pretty darlin', love me tonight.  
Love me tonight, love me tonight.  
Come on pretty baby love me tonight.  
Love me tonight, love me tonight,  
Come on pretty darlin', love me tonight.  
Love me tonight, love me tonight,  
Come on pretty baby, love me when...

Your baby loves you,  
When your baby loves you,  
When your baby loves you,  
Nothing's gonna hurt you.  
When your baby loves you,  
All your dreams can come true.  
When your baby loves you,  
Nothing's gonna hurt you.

Baby loves you, baby loves you  
Baby loves you, baby loves you  
Baby loves you, baby loves you

Baby loves you, baby loves you
