

# Everything Works If You Let It

Enuff Z'Nuff

Everything works if you let it.  
Everything works if you let it.  
Everything works if you let it.  
If you let it in your heart.  
Everything works if you let it.  
If you let it in your heart.

She is the girl of his dreams, he wants her.  
He thinks forget it.  
He's got a pain in his heart  
And he feels like cryin',  
So lonesome for love he feels like dying.  
Don't stop the dream, he can fix it,  
I know he can.  
He is the world's world's greatest  
At the work that he does,  
When he moves on down the line.

Everything works if you let it. (3X)  
Let it in your heart.

She is the girl of his dreams, he wants her.  
He thinks forget it.  
He'd love to look inside her heart  
And see if she agrees.  
Don't stop the dream, he could fix it,  
I know he can.  
He is the world's world's greatest  
At the work that he does,  
And there's magic in the air.

Good times, bad times,  
Don't know what to do.  
Half the time, and all the time,  
I don't know if it's true.  
Someday, some way, he'll know if it's true,  
She'll look inside your heart,  
And then decide it's really you.

Everything'll work out if you let it. (3X)  
Let it in your heart...

Everything works if you let it.  
If you let it in your heart.  
Everything'll work out if you let it.  
If you let it in your heart.  
Everything works if you let it.  
If you let it in your heart.  
Everything'll work out if you let it.  
If you let it in your heart.
