

## No Second Time

Enuff Z'Nuff

Baby have I told you  
That I love you  
And I need you?  
I have to say  
That darlin' everyday,  
That I'm gonna be there.  
So tell me,  
If you missed me,  
When you kissed him,  
Why'd you leave me?  
I don't understand,  
If you say you love your man,  
Why do you let him go?  
You've gotta come back  
To me girl,  
Or have you decided  
Who you want now?  
Come happily, girl.  
Don't let me make your mind,  
'Cause there'll be no second time.

You know I'm  
Working so hard,  
Getting so tired,  
Building a fire.  
Still begging when I'm through,  
There will be time for you,  
And I'm gonna be there.
