

Unemotional

Enuff Z'Nuff

Unemotional You looked so dumb I had to laugh.
You stand there yelling at a photograph.
It reminds you
And it brings you down again,
And now it seems
That you've become a psychopath.
He's so hot and she's so unemotional.
It's a battle 'till the end
That could never end as friends.
He's so hot and she's so unemotional.
There was nothing he could do,
All the feelings that were through.

Say goodbye to yesterday,
And all those nasty things
You used to say.
Try to find your smiling face again,
So hard to make the feelings
For her go away.

Repeat Chorus.

The girl will always
Hurt you in the end,
And now it looks as if
She's hurting you again!
