

## Long Long Journey

Enya

City lights shine on the harbour,  
Night has fallen down,  
Through the darkness  
And the shadow  
I will still go on.

Long, long journey  
Through the darkness,  
Long, long way to go;  
But what are miles  
Across the ocean  
To the heart that's coming home?

Where the road  
Runs through the valley,  
Where the river flows,  
I will follow every highway  
To the place I know.

Long, long journey  
Through the darkness,  
Long, long way to go;  
But what are miles  
Across the ocean  
To the heart that's coming home?

Long, long journey  
Out of nowhere,  
Long, long way to go;  
But what are sighs  
And what is sadness  
To the heart that's coming home?
