Wild Child

Wild Child lyrics Ever close your eyes ever stop and listen ever feel alive and you've nothing missing you don't need a reason let the day go on and on Let the rain fall down everywhere around you give into it now let the day surround you you don't need a reason let the rain go on and on What a day what a day to take to what a way what a way to make it through what a day what a day to make you a wild child Only take the time from the helter skelter every day you find everything's in kilter you don't need a reason let the day go on and on Every summer sun every winter evening every spring to come every autumn leaving you don't need a reason let it all go on and on What a day what a day to take to what a way what a way to make it through what a day what a day to make you a wild child What a day what a day to take to What a way what a way to make it through What a day what a day to make you a wild child What a day what a day to take to what a way
