

All I Need

Eowyn

Take this cup from my hands
Is it half full or empty?
My will screams demands
Will you pour out your mercy?
So I pray
So I pray

Captured by your love
You are all I need
Standing inside your light
Falling on my knees
Take control
Fill my life
You are all I need

In the mist of your perfect grace
Resting slowly in your presents
So I break from your embrace
Restore me and my savior
So I wait
Yes I wait

Captured by your love
You are all I need
Standing inside your light
Falling on my knees
Take control
Fill my life
You're all I need

Captured by your love
You are all that I need
Standing inside your light
Falling on my knees
Take control
Fill my life
You are all I need

You are
