

Don't let fear rob you
Would you grasp hold of promise
Even when they say
You can't, believe you can

Dream, just dream
Though your worlds turned to gray and your answers delayed
And you don't want to hear the same excuse again
Don't you throw it all away
Just dream
Till you do what you say and you live what you mean
Cause I don't want to hear the same excuse again
Don't look back, don't stop, just dream

Let faith be your substance
Will you hope for what not seen
Just follow your purpose
Won't you stand up, take heart and lead?

Dream, just dream
Though your worlds turned to gray and your answers delayed
And you don't want to hear the same excuse again
Don't you throw it all away
Just dream
Till you do what you say and you live what you mean
Cause I don't want to hear the same excuse again
Don't look back, don't stop, just dream

For I know the plans I have for you declares the Lord
Plans to prosper you and not to harm you
Plans to give you a hope and a future

Dream, just dream
Though your worlds turned to gray and your answers delayed
And you don't want to hear the same excuse again
Don't throw it all away
Just dream
Till you do what you say and you live what you mean
Cause I don't want to hear the same excuse again
Don't look back, don't stop, just dream
