

# Michael Jordan vs Muhammad Ali

## Epic Rap Battles Of History

[Michael Jordan]

Why don't you dodge this battle like you did Vietnam?  
Cause you've got as much chance of beating me as Lebron  
I'm a flying machine, like the world has never seen!  
You can fight one man? I can drive through a whole team!  
I choke a dope with his own jump rope!  
You'll get smoked when I flow, you Kentucky fried joke!  
Used to float like a butterfly, sting like a bee  
Now you double dribble balls that nobody can see!

[Muhammad Ali]

Ooh, here comes Jordan, big tongue wobbling  
Flying through the air like a big dumb goblin  
You're the only Bull that's uglier than Rodman  
Messing with me is gambling, you got a problem!  
Your whole basketball career turned whack  
When you came back a Wizard like Gandalf the Black!  
You should have kept your ugly sneakers packed up on a shelf  
Stick to golf, you can keep the ball to yourself  
Ooh, I'm so pretty, my hands are so fast  
I'll whoop your face back to your Hitler mustache  
Now your daddy got killed and I feel for your family  
But your baseball career, now that was a tragedy!

[Michael Jordan]

Man, you make me sick, but I'm better with the flu!  
You should let the Fresh Prince do your rapping for you (Swish!)  
I would pass the mic to Pippen but I'm not done scoring  
Stay all up in your grill like my name was George Foreman

[Muhammad Ali]

I saw you slapping Reggie Miller, boy, what's wrong with you?  
You fight like the little girls who make your Nike shoes!  
McDonalds and underpants as corporate backers  
You stay at the Ritz cause you sold out to crackers!

[Michael Jordan]

So Cassius wants to talk about cashing checks!  
I'll school you through your bug spray, off your Broadway play  
Over the Japanese dude sitting on your face!  
Hitting nothing but net! You ain't seen nothing yet!  
Man, you needed a movement because you're so full of shit!  
I'm a better athlete and a better MC!  
Battle me two more times, watch me get a three-peat!

[Muhammad Ali]

Beep beep! Why don't you back up that trash!  
I'll leave you like Liston, flat on your ass!  
You need to bounce back to North Carolina, kid  
Cause your rapping sucks more than Space Jam did!
