

# A Phantasmic Parade

Epica

Playing a million pictures in my mind  
That travel at the speed of light  
Been living in a world turned inside out  
Diving through a sea that is profound

Gracing the code above and tasting life  
The will options deciphered signs  
Believing worlds below that crushed mankind  
Breaking ground within the great design

Do not try to defy creation  
See the world through the looking glass  
Within reach is a fading horizon, deep down the flames grow  
You may find you're hallucinating  
If reality is defied  
I can sense the eclipse is rising, showing the blood red moon  
This time your mind will find a virtual phantasmic parade

It is a choice that is my own to make  
A free will to risk a leap of faith  
Is it my outcome that I will survive?  
Finding out my life has been a lie

Do not try to defy creation  
See the world through the looking glass  
Within reach is a fading horizon, deep down the flames grow  
You may find you're hallucinating  
If reality is defied  
I can sense the eclipse is rising, showing the blood red moon  
This time your mind will find a virtual phantasmic parade

Make believers  
Your divine machinery  
Not believing  
This will seal the deal  
Seize the liar  
Selling hollow prophecies  
Burn the hounds alive  
You can watch the world bow down to you

Do not try to defy creation  
See the world through the looking glass  
Within reach is a fading horizon, deep down the flames grow  
You may find you're hallucinating  
If reality is defied  
I can sense the eclipse is rising, showing the blood red moon  
This time your mind will find a virtual phantasmic parade

Do not try to defy creation  
See the world through the looking glass

I live to not let go

You may find you're hallucinating  
If reality is defied

Behold the vertigo

I won't let go

This time your mind will find a virtual phantasmic parade  
Abandon fear give in before your mind can never escape
