

Generic The Norm

Epidemic

Show me to my
Pre-assigned seat in this life
Help me find a way
To be content and invisible

Generic the norm shapeless the form
Where spoon feeding the gray
It's not enough to see without taking part
It's not enough to be moderate, moderate

Bending over backwards
Bland is an acquired taste
Happy to donate waste
Now drown yourself deep in self-hate

Generic the norm shapeless the form
Where spoon feeding the gray
It's not enough to see without taking part
It's not enough to be moderate, moderate

And I so don't, don't want to sink to your level
And I do not need to strike back
But I will not turn you the other cheek

And you don't want to see me breaking
You don't want to see me breaking

Show me to my
Pre-assigned seat in this life

Not enough to see without taking part
Not enough to be moderate, moderate
Not enough to be moderate
