Check this out

I was hanging out late, creeping a quarter to two

Polly with cats, sipping on a 40 of brew

Pulled out the Dutch Master

Cause it's time to get on

Turned on the truck system to pump a hip-hop song

Five minutes later I see these other kids clocking

Meanwhile my niggas chalmed out with system rocking

Saying in my mind, who could it be?

As he got closer, I peeped, it was the E-Double E

I said, "What up Duke?"

Yo, whats up Sundullah?

I have a girl and she wants me to duke her

Yo, why didn't you?

Yo, I would of hit the skins

That's when I chilled, and peeped

The two heads in the Benz

Gave my crew dap, and hopped

The right the fuck on in

E-Double set it

Yo P, this is Sandy and Lynn, Duke

I said yo, what's the deally

Yo? She said, "Sex, you wanna

Feely yo?"

Lift her skirt with no panties, felt the familio

Looking half Philippines, mixed

With black in the genes

Had to drop the windows, to release the steam

Jane, Jane

Oh, what a nice name

Looked her up and down, said, "Hmm, I'll take her"

Shorter than short and petite,
Blazing ass body and physique
Five-dogging it, pumping Jay-Z and Memphis Bleek

Burning something, purple chronic, orange or Thai
On the expressway, 4-9-5 L.I.

Straight rollin, nice from the Henny before
Shorty wanted to pull over and get
A Dutch from the store

We parked the Benz, the girls got
Out and walked right in
Copped a 40 and a Dutch, and hopped right back in

Tried to pull off, that's when
A squad car cut us off
Five-oh pulled out and said,
"Chill, cause it's the law"

Hey yo they caught us on a techno (techno)
Girls started shaking, getting petrol
Pulled the burner 540, one shot,
Sunscreen's essential

Straight dumpin, no love for the badge and the gun
Straight accomplices, now our ass is on the run

Now shit's drastic, dodgin and dippin traffic
Bitches started regulatin on
Some flash and blast shit
She's out the Benz with the quickness,
That's when the shit got real
Bitches flipped, hit PMD with the steel

And asked him how it feel, jumped right
Back in grabbed the wheel
Told the cats to relax and yo, peep the deal

Remember Tommy Two time, who used to move moonshine?
Now he's a bitch nigga, fronting
For cats, dropping dimes

Yo time to see him, he be hangin at the coliseum
Down on 48th and Lex, near the black museum

He owe me something, when I see
Him, I'm straight dumping
Catch him four times in the legs, get
Close and ask him something

Yo what up God? 'Member J, from the schoolyard?
Try to floss when I was
Chilling, hold this baby puh

I looked at E like, "Yo, this
Bitch is talking like a dude"
Seen the cat across the street, she
Said, "It's time to move"

Ran up on him, he looked like he saw a ghost
Tried to run, but J pulled out
And flashed the toast

Toast told him to bend over, and
Then the girl lift her dress
Pulled out a dick, laced him in
The ass, and asked him
How he liked it, kid was crying in pain
'Member you raped me in the park?
Peep The Crying Game

Shocked, snap the hammer
Hey yo the kid fell slow
I could of swore he said, "Yo, don't do it Jane!"
