

# Divine Whispers

## Epysode

[Esh]

I have met your future  
And your demons just followed me  
As well as your last scream through the night  
But you are part of the last chapter

[Valma]

My visions draw my horizon  
With a tragic line painted on my skin

[Esh]

Be again,  
kept awake by aivine whispers

[Valma]

I see me, hidden by the light  
Starts the deliverance of a soul

[Valma]

I have seen my fate  
Now with your presence behind me  
I shall walk until my last breath  
Up to the last page of the story

[Esh]

You forged a pure soul in you  
And will not leave in vain this world

[Esh]

Be again,  
kept awake by divine whispers

[Valma]

I see me, hidden by the light  
Starts the deliverance of a soul

[Yae]

You know I will never let you catch me  
For ever, your soul will be annihilated  
to have dared to stand in my way!

[Esh]

Beyond the silence of the dead,  
you will disturb their wandering to face the evil

[Esh]

Be again, kept awake by divine whispers

[Valma]

I see me, hidden by the light  
Starts the deliverance of a soul

[Maymos - Esh]

Here comes the truth  
Eyes are crying  
Visions are clearer  
The Origins are, they are a part of us

Since our birth, through our rebirth
