

# Fantasmagoria

## Epysode

She is not like everyone  
It might take time to understand  
Fall has come and things slowly turn in grey

And I tried to believe you  
And to make out of you my fight  
But it was not enough to keep you  
Away from the darkest night

And I've lost my brightest smile  
Thus far I have understood  
Either way when you're damned, you must burn

And you tried to help me  
And to make out of me your fight  
To keep my hollow soul away from the night

Winter's come  
I can't go on  
I can't go on and leave you there  
Let me ease your pain  
Can't you hear me shouting out your name?

All night long  
Fantasmagoria

We are not like everyone  
It might take time to understand  
Either way when we are damned, so we must burn

No one can help us  
We'll never be the same again  
But it's not enough to keep us away from the blackest side

Winter's come  
I can't leave you there  
Leave you there  
Leave you there  
Let me ease the pain  
Can't you hear the sky calling your name?

Must I be cruel?  
It'll never be the same again  
You had to choose between evil and good  
And you decided to turn off your inner light

Winter's come  
I can't go on  
Let me ease your pain  
Can't you hear me shouting out your name?

All night long  
Fantasmagoria

We are not like everyone  
It might take time to understand  
Either way when we are damned, so we must burn

Winter's come  
I can't go on  
And leave you there  
Let me ease your pain  
Can't you hear me shouting out your name?

All night long  
Fantasmagoria

So winter's come  
I can't go on  
I can't go on and leave you there  
Let me ease your pain  
Can't you hear me shouting out your name?

All night long  
Fantasmagoria
