

There's something wrong inside of me
What I'm feeling seems so unreal
I have no faith anymore,
What I'm searching for can't save me
Now I'm dying

Obsessed by anger and obsessed by sorrow
There's no reason to this freakshow
Thorns
It's to a stream made of sins
That you and i belong
And we will light the dark
Until a new day begins

There's no place for remorse in me
The pain I've inside looks surreal
I have no heart anymore,
What I'm searching for can't save me
No more creed

Obsessed by anger and obsessed by sorrow
There's no reason to this freakshow

It's to a stream made of sins
That you and I belong
Obsessed by anger and obsessed by sorrow
There's no reason to this freakshow

It's to a stream made of sins
That you and I belong... Thorns
And we will light the dark
Until a new day begins
Thorns...
