

Don't You Forget

Era

- Mum's sick. She says she can't get up. I know my brother's getting hungry. I must go to the village to ask for some feed. Would you help me?
- Sure, Corney, I'll help you.
- I'll always be good when you with me.
- You're my friend, Corney.
- Are you always gonna be there when I grow up?
- Cross my heart.

Don't you forget about me?
Don't you forget about me?
We were soft and young
In a world of innocence

Don't you forget about me?
Don't you forget our dreams?
Now you've gone away
Only emptiness remains
