

Don't You Forget

Era

- Mum's sick. She says she can't get up. I know my brother's getting hungry. I must go to the village to ask for some feed. Would you help me?

- Sure, Corney, I'll help you.

- I'll always be good when you with me.

- You're my friend, Corney.

- Are you always gonna be there when I grow up?

- Cross my heart.

Don't you forget about me?

Don't you forget about me?

We were soft and young

In a world of innocence

Don't you forget about me?

Don't you forget our dreams?

Now you've gone away

Only emptiness remains
