

Mother

Era

Mother, you're always around
Let me tell you you're the only one
Mother, when I see that look in your eyes
I know that you're my only child
And you make my world go round
And round and round and round
And round and round and round
A mio sumoni, Io fanati vorento
A nereto veni, gior si meno amante
T'empio mentori sempire d'amor terra
Innosenta luna, solite in amo retira/remano
Do you love your mother like I love mine?
Do you wanna hold her all through the night?
The sorrow fills my soul
Love's just the grief, rest
Do you love your mother like I love mine?
Do you wanna be her one and only child?
The sorrow fills your soul
Life's just the grief, rest, I rest
With my head on the chest
Head on the chest
Head on the chest
Do you love your mother like I love mine?
