The carrier of voice

To Saint God if
He's carrying the voice and the voice is that
We, God, will call if
The carrier of light will call
You will raise your voice to God

To Saint God if
The carrier of great voice
We, God, if that voice
Is carrying the light, will call
You will raise your voice to God
This fire

To Saint God if he's carrying the voice
To Saint God if

I love the carrier of light as long as
The enemy injures me
I desire to carry

In the evening carry the light, carry the voice to us if
