

Don't Say Your Love Is Killing Me

Erasure

My eyes are closed and I've nothing more to say
But I was so willing to give it all away

And what a show
I've loved you all I could

When will I see you
Is nothing understood?

You thought I was stupid
But now I stop (stop!) at nothing (I stop at nothing)
I thought you were better
But love's gonna take a man
Yeah love's gonna take a man

Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride

Heaven only knows
At your every turn a scandal
But how's it suit you
When it's all too much to cope with?

You thought I was nothing
Before you stepped (stepped) into my life (stepped into my life)
I thought you were clever
But love's gonna take a man
And you haven't got it in you

Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride

Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride

Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride

Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride

Don't say your love is killing me (Don't say your love)
You know how much it means to me (Is killing me)
I too have feelings deep inside
But would not hurt your foolish pride

Don't say your love is killing me (Don't say your, your love is)

You know how much it means to me (Your love is killing me)
I too have feelings deep inside
But would not hurt your foolish pride
