

Ship of fools

Erasure

1. I can't believe what is happening to me, my head is spinning
The flowers and the trees are encapsulating me and I go
spinning
He was the baby of the class you know, he really didn't know
that one
and one was two
And two and two were four. He was the baby of the class you
know, he
really didn't know that,
really didn't know that oh what a poor soul

R: Oooh, do we not set sail on the ship of fools
Oooh, why is love so precious and so cruel?

2. I close my eyes and I try to imagine, what you're dreaming
Why can't you see what you're doing to me, my world is
spinning
He was the baby of the class you know, he really didn't know
that one
and one was two
And two and two were four. He was the baby of the class you
know, you were
so young and so uncertain
Suffer little children, oh what a poor soul
