## Let The Rhythm Hit Em

Eric B. & Rakim

Let the rhythm hit 'em
I'm the arsenal, I got artillery, lyrics of ammo
Rounds of rhythm, then I'm 'a give 'em piano
Bring a bullet-proof vest, nothin' to ricochet
Ready to aim at the brain, now, what the trigger say

Tempos triflin', felt like a rifle
Massage 'n' melodies, might go right through
Simultaneously like an Uzi, nothin' can bruise me
Lyrics let up when lady say don't lose me

So re load quickly and you better hit me While I'm lettin' this Fifi get wit me, you steppin' with 007 Better make it snappy, no time to do your hair, baby Brothers are bustin' at me, beats and bullets pass me

None on target, they want the R hit, but watch the god get Quicker, the tongue is the trigger, 'cause I'm real fast Let off some rhythm at 'em, let 'em feel the blast Penetrate at a crazy rate, this ain't no 38

Hit 'em at point blank range and watch 'em radiate Runnin' out of ammunition, I'm done wit' em You ask me how I did 'em, I let the rhythm hit 'em

I push a power that's punishable, better be a prisoner The hit man is the, brother wit' charisma
Showing you that I have, powerful paragraphs
Followers will become leaders, but without a path

Ya mentally paralyzed, crippled ya third eye Rhymes are blurred, then it occurred that you heard I Reduced the friction with crucifixion, let loose the mix then Boost the piston, Eric hit 'em with' some of that

Cut like a lumberjack and me gettin' hit back It won't be none of that, I'm untouchable You see me in 3-D, when I let the rhythm hit another M.C. Lyrics made of lead, enters your head

Then eruptions of a mass production Will spread when music is louder, full of gun power Microphone machinery, when I see a crowd of Party people pumpin', their fist like this Ya hide in the back, thinkin' that I might miss

But the R is accurate, plus I'm packed up with Educated punch lines that, I have to hit Whatever I aim at, I line 'em up Ya body is weak, feel with pain, that time is up

You been hit with somethin' different, isn't it? Rakim is gonna radiate and northin's equivalent Nothin' can harm me, why try to bar me You couldn't come around to rob with a army

You'll get wrecked by the architect, so respect 'em

I disconnect 'em, soon as I inject 'em with radiation Put 'em by the basement, bust his chest open Bash his face in, let it split 'im

Since he brought his main man wit' 'im
He ask me how I did 'im
I let the rhythm hit 'im, let it hit 'im

Dance floor's dangerous, packed in like a briefcase Rhythm with Aral rough rhyme, beats with deep bass Girls, with tight pants, maybe they might dance Tonight if the R's on the mike, there's a slight chance

The crowd is crucial, M.C.'s grounds are neutral Now, that you're here let me introduce you, get ready I'm hard read like graffiti but steady Science I drop is real heavy

Radiant energy, that'll be the penalty
Touch the third rail on the pain of remedy
The prescription's one every hour, now it's a havoc
If ya need another hit from the freestyle fanatic

Attention, follow directions real close Keep out of reach of children, beware of overdose Too many milligram but what made a iller jam My rhyme is the rhythm of thoughts that kill a man

I deas for the ear to fear, might split 'im
He'll never forget 'im, he'll rest in peace wit' 'em
At least when he left he'll know what hit 'im
The last breath of the words of death, was the rhythm

Now, throw you hands in the air and yo, go Rakim will do the rest of this slow
If I speed they know you'll blow the hell up
If I slow up, catch up, hell no

Wicked as I kecked it, don't need to remix it 'Cause I prefixed it, reversed and switched it To perform to perfection, section for section Rhymes keep connectin', ya guessin' what's next an'

Blood pressure rise as ya damn near lost it Hit the ground burnin' and woke up frostbitten 'Cause when I explained ya can't complain for pain Travel through the brain hit a vein

Then remain, let it radiate, vibes will vibrate Why did you violate, now, I'm 'a have to let the style brak Moans now the tone is ingrown, after this here's thrown Gimme another microphone, before I get that Fifi I met

Whisper I wanna reach your intellect Kiss her 'cause I wanna give her the most respect So I shine and let my light reflect

Hold 'er, mold 'er, make 'er feel older Lay her on my shoulder, everything I told her Makes her feel secure whenever I'm wit' 'er And you know how I did 'er, me and the rhythm hit 'er
